Ashley Grace Majer

(608) 279-1913 | MajerCoding@gmail.com | LinkedIn | GitHub | Personal Portfolio

SUMMARY

Software Developer with experience building and supporting full-stack web applications using JavaScript, React, Node.js, and PostgreSQL. Skilled in designing reliable APIs, implementing responsive user interfaces, and debugging issues across the stack. Brings 10+ years of professional experience working with complex systems, clear documentation, and cross-functional collaboration.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), React, Node.js, Express, HTML5, CSS3, PostgreSQL
APIs & Concepts: REST APIs, authentication, CRUD, state management, debugging
Tools & Platforms: Git, GitHub, Postman, Netlify, Render, Supabase
Practices: Responsive design, accessibility, testing, documentation
Other: Clear communicator, proactive problem-solver, bilingual (English/Spanish)

PROJECTS

Myco Map *Full-Stack Developer* | Sept 2025
mycomap.netlify.app | GitHub Front End | GitHub Back End
React, Node.js, Express, PostgreSQL, Mapbox GL JS, AWS S3, Supabase, Render

- Built a production-deployed full-stack application with user authentication, image uploads, and relational data.
- Developed RESTful APIs and integrated them with a responsive React front end.
- Designed PostgreSQL schemas and validated data integrity across application flows.
- Debugged and resolved issues across frontend, backend, and deployment environments.
- Implemented accessible, mobile-first UI patterns and tested cross-browser behavior.

KeyPaw In Development | *Full-Stack Developer* | Oct 2025
Keypaw.netlify.app | GitHub Front End | GitHub Back End
React (Vite), Node.js, Express, PostgreSQL, JWT, bcrypt, Supabase, Render, Railway

- Developing a full-stack application with modular UI components and backend APIs.
- Implemented authentication, protected routes, and client–server data flows.
- Designed database schemas, seed data, and CRUD operations.
- Tested APIs and application behavior using Postman and local debugging tools.

PROFESSIONAL EXPERIENCE

Benefits Outreach Coordinator — *Atlanta Community Food Bank*   2024-2025
- Supported users across multiple digital systems, identifying issues and guiding resolution.
- Maintained accurate data across platforms and documented processes clearly.

Nutritionist — *WIC Program (Supplemental Nutrition Program for Women, Infants, and Children)*   2015-2023
- Worked with data-driven systems in regulated environments.
- Developed workflows and documentation to improve accuracy and efficiency.

EDUCATION/ CERTIFICATIONS

Software Engineering Immersive Certificate, Emory University powered by Fullstack Academy   Graduated 2025

Bachelor of Science in Dietetics, St. Catherine University, St. Paul, MN   Graduated 2013
